PROFESSIONAL SUMMARY

I am a Frontend developer who is focused on React.js and Next.js, i`m interested in new technologies and trying something new from time to time. I have a little experience working with React Native Expo. Trying to write code every day and solve leetcode problems to keep my brain sharp. Next step for me it will be lerning Node.js .

WORK EXPERIENCE

2024/11 – Present NewsFeed
Part-Time
React, React-Router, Redux, Typescript, Tailwind, Shadcn
